- The Freedom Convoy 2022 arrived in Ottawa on 28th of January 2022 with participants driving their trucks from all points across the country.
- The main demonstration was scheduled for the 29th and 30th of January and several truck operators returned home however there remains a large contingent of operators congesting many streets in the downtown core.
- These truckers vow to remain in place until Covid mandates are lifted across the entire country.

- The only impacts the demonstrators have actually had, is on local residents and businesses.
- While organizers and participants advise that the demonstration is peaceful, there have been a number of issues reported in the media and to the police .

- Police officers will be assigned to the downtown core in an attempt to end all unlawful behaviour by the protesters or any other person engaged in illegal activities.
- As enforcement activities increase, there is the possibility that the protesters will migrate away from the area of operations in this plan.
- All roles and tasks are to conduct enforcement. Regardless of your role.

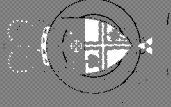

The Ottawa Police Service, in a collaborative approach with other police agencies, federal, provincial and city partners, community organizations and the event organizers will provide a safe and secure environment in the City of Ottawa during the Freedom Convoy 2022 event.

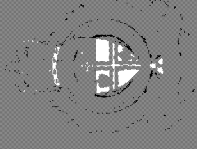

The primary goal is to end the protest peacefully. This may be achieved through proactive engagements by all officers including Police Liaison Teams, facilitating communication, de-escalation and negotiation as means to achieving a peaceful resolution.

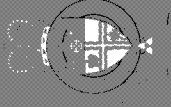

- To provide a constant and heavy presence in the designated areas to address issues in these neighborhoods to restore order, peace and a sense of safety.
- The goal is to engage in interactions, and the enforcement of Municipal, Provincial and Federal Statutes, making arrests where necessary.
- Specific behaviour such as, mischief to property, threatening, menacing, spitting, hate speech, intimidation and other types of anti social behavior will be addressed by officers.

- **When safe to do so, engage and educate people about aiding and abetting.**
